## Official Sesquicentennial Flag Given Secy. of State

The Official Sesquicentennial flag, as proclaimed by Gov. Otto Kerner, was presented to Secretary of State Paul Powell by L. A. Wollan, Jr., assistant director of the Illinois Sesquicentennial Commission, in a field of blue, this noble color Sesquicentennial Monday.

Powell said that this particular flag will be displayed in the reception room of his office, but that as flags suitable for outdoor display become available, they will be flown on the exterior of the Capitol.

The official flag is blue with the "I" and stars from the Seal of the Illinois Sesquicentennial.

The symbol is red, representing the hardness and valor of her citizens, past, present and to come; this to be imposed over a sweeping "I" white, for the purity, innocence of our people and our hopes, and

That this symbol shall be encircled by 20 stars to stand for the 20 states in the Union at the time of the admission of Illinois.

A more prominent star, twenty-first star on the flag, represents Illinois.

Designed by Jerry Warshaw of Chicago, the flag symbolizes the progress of Illinois from statehood to statehood.

The official flag is blue with the "I" and stars from the Seal of the Illinois Sesquicentennial.

The symbol is red, representing the hardness and valor of her citizens, past, present and to come; this to be imposed over a sweeping "I" white, for the purity, innocence of our people and our hopes, and

That this symbol shall be encircled by 20 stars to stand for the 20 states in the Union at the time of the admission of Illinois.

Observance Begins Dec. 4

The Sesquicentennial year begins on Dec. 3, 1968, the anniversary of Illinois' admission into the Union 150 years ago on Dec. 3, 1818, and

WHEREAS, the action creating the 21st state was an event of signal importance and a portent to the future of Illinois in the nation's glow, and

WHEREAS, the 74th and 75th General Assemblies have appropriate legislation directing the appropriate committees and subcommittees to be held during the Sesquicentennial year, and

WHEREAS, the Sesquicentennial is presently to be celebrated in each of the 102 counties of the state by a grand and year-long telling of its wondrous story, and

WHEREAS, Illinois will invite the 49 sister states and the nations of the world to visit Illinois in the Sesquicentennial year, and

WHEREAS, it is fitting and proper that the Sesquicentennial be symbolized by a distinctive banner which would

**GC Rotarians View Football Film**

The Granite City Rotary Club viewed the football film, "The Golden Game," which deals with behind the scenes work of the professional players. The movie was shown during a luncheon meeting Tuesday at the YMCA.

The color film reviewed the positions of the various players. Morris Olson was program chairman.

Morris discussed the club project for the coming year and asked for suggestions. A selection will be made later, and a financial drive will finance the project to be determined. The meeting was conducted by Warren Decatur, first vice-president.

**51 Street and Alley Lights to be Installed**

Installation of 51 additional street and alley lights was approved with adoption of a resolution by Granite City council members.

Of the total, 38 are to be placed in alleys. Alderman Basarich, chairman of the Light Committee, said the added cost will be about \$125 to \$150 a month.

The chairman said he is keeping a close watch on the lighting budget. He pointed out that brighter lights in the downtown business district and along the north sector of Nameoki road each cost the city about \$500 a month.

**Lights in Alleys**

The new location for lights is along the following streets: 2235 Nevada avenue, 2636 West 20th street, 2920 and 2921 Cayuga street, 2562 Delmar avenue,

## U.F. Campaign Aided by Depot, Now at 94.4%

The United Fund campaign to raise \$384,000 in 26 days has been aided by a drive in the past week, and Chairman Mitchell B. Miloski announced yesterday that another section of the drive had topped its goal—the Granite City Army Depot employees giving \$10,000.

The campaign, which ended last week, now is at the 94.4% mark, with pledges totaling \$362,479.

In a special ceremony yesterday afternoon a "Lil" Angel award was presented to Col. Charles E. Hoskin III, commanding officer, and special recognition was given to the section chairman, Joseph Yasinski, whose unit of employees gave \$8000, and the amount pledged is \$8000.50.

### Steel Working

Miller section has been the top-giving section in the campaign.

"I know the drive has closed and there are no further report meetings for the campaign leaders and volunteers," said Hoskin. "But we are still working."

Yasinski said the drive has been a success.

**Optimist Clubs to Hold  
Christmas Tree Sales**

Advance sale of \$1 tickets toward the purchase of Christmas trees is now under way by members of the Noonday and Twilight Optimist Clubs.

The sale of trees will begin Dec. 3 on the lot between the Granite City fire station and post office at the corner of Madison avenue. The trees are scheduled to arrive here by rail on Dec. 2.

The Optimists have ordered 2000 balsam trees from Seibold's, from 2 to 8 feet tall. Also 750 Scotch pine trees from Wisconsin from 4 to 7 feet tall. Also available will be 24-inch wreaths and bales of balsam branches for decoration purposes.

Members of both clubs will man the lot from 10 a.m. to 5 p.m. daily until the trees are sold out.

Arrangements for the sales were made at an informal meeting of the Twilight club Monday night at Cline's restaurant which was attended by four members of the Noonday club, Charles Landis, president of the Twilight club, was in charge.

Chairman for the Noonday club is Arthur G. Rosenman. Delivery of the trees from the rail siding to the lot will be handled by Paul Seibold of the Twilight club. Barry Loman of the Twilight club will serve as treasurer of the club.

**Seaman Thomas Ryan  
Returns Aboard Carrier**

Commissioner Seaman Thomas E. Ryan, son of Mr. and Mrs. Earl E. Ryan of 3965 Lake street, has returned to the U.S. after a seven-month deployment to the Far East aboard the anti-submarine support warfare aircraft carrier

The Hornet. During the deployment the Hornet operated as a unit of the Seventh Fleet in the Gulf of Tonkin with the mission of halting the flow of supplies from North Vietnam to its forces in the south. The Hornet also participated in three maritime exercises with navies from six nations including Australia, Great Britain, New Zealand, Philippines, and Thailand.

**Record Dividends Told  
By Life Insurance Co.**

Policy holders of the Connecticut Mutual Life Insurance Co. will receive a fall dividend of \$63.3 million in policy dividends in 1968 under a newly increased dividend rate, according to Raymond L. Henley of Granite City, district agent.

Total dividend distribution will be \$5.3 million more next year than in 1967. The increase in the dividend scale is responsible for more than \$1.8 million of this amount. The remainder is due to rising insurance in force and the tendency for dividends on most policies.

## Mrs. Amelia Lee, 76, Dies at Festus, Mo.

Mrs. Amelia Lee, 76, a former Crystal Cityer and a member of Concordia Lutheran Church here, died Monday night at her home, 1509 West Main Street, Granite City.

Funeral services will be held at 2:30 p.m. tomorrow at a Festus mortuary, and burial will be in Roselawn Memorial Garden, Crystal City, Mo.

Hershus Lee, wife, survives. Amos Lee is a former Jefferson county sheriff. She also is survived by a daughter, Mrs. James Porter of Festus; and three sisters, Mrs. Hugh Lee of Festus, Mrs. Raymond Ogle of St. Louis and Mrs. Silas Lee of Festus.

## Head-On Crash Injuries Two

Two Quad-City motorists were hospitalized here early today following a head-on collision of their autos on Route 203 (Nameoki Pontoon) a quarter mile north of Pontoon road.

Injured were James H. Dix, 39, of 173 Big Four place, who suffered a broken nose, face and possible fracture of the leg, and Ronnie D. Tucker, 25, of 2617 Cayuga street, who has cuts to his face and an injury to his left leg.

St. Louis police said Tucker was traveling south and was attempting to pass an unidentified stock truck when his auto struck Dix's northbound car.

Both men were taken to St. Louis Hospital. Dix was released after pains after the rear of her auto

## Gifts for Fire Victims

Friends of Mr. and Mrs. Bob Hensel, whose home and household goods were destroyed by fire Nov. 14, will gather at the home of Mr. and Mrs. Barney Knight, 1805 Ferguson avenue, from 1 p.m. to 6 p.m. Sunday. A brief service and a family dinner is planned at Laclede Steel Co., Madison, and his wife at Arky's tavern.

was struck by a pickup truck driven by John H. Vonderhaar, St. Louis, while she was stopped to make a left turn at 2311 Madison avenue Monday. Vonderhaar was unable to stop.

Another \$173,000 not budgeted for the year will finance programs and general elections in time.

## MORE ABOUT Budget

payments and additional employees.

The budget provides for salary increases of \$30 per month for all county employees, numbering about 220, at a cost of \$80,000.

It also provides \$421,925 for construction, maintenance and operation of a juvenile detention home and \$259,749 for mental health purposes.

Another \$173,000 not budgeted for the year will finance programs and general elections in time.

## Added Offices

A \$174,900 debt due the purchase of the Illinois Terminal post office with its 10,000 square feet of office space was incurred. It will affect interest savings of \$50,000 over the next nine years.

The budget includes funds for an increase in the sheriff's staff by two deputies, plus addition of one patrol car.

The general fund tax rate has been restored to the original figure which had been cut to 5.67 cents by the Auditor-Budget Act 25 years ago. That rate will be up to 5.84 cents.

## MORE ABOUT Petition Filed

Illinois Terminal Railroad tracks and includes the Thorngate subdivision before joining the right-of-way of Interstate 270.

Excluded in the middle of the "U" are large areas listed as owned by William E. Reiter and Ralph A. Morris II.

**Narrow Connecting Point**

The right-of-way is limited to the base of the horseshoe by only a narrow strip west of the tracks at the former Chain of Rocks road crossing at Thorngate. The crossing was closed with construction of Interstate 270 over the tracks.

The proposed southern line crosses Maryville road about halfway between Route 203 and the Chain of Rocks road (Thorngate). The boundary line swings close to Route 203 (extension of Nameoki road) at a point north of the Maryville road-Route 203 intersection.

Incidentally, last week cited the Granite City school district's acquisition of a 65-acre campus at Maryville road and Route 203, saying they opposed becoming part of Granite City and that the school would try to name the new campus.

The city previously did annex the Grigsby junior high school campus, Pontoon and Cargill roads, in a move being fought by the Nameoki town board.

Nameoki is the newest school site by Granite City, while not discussed by the city, might have prevented later creation of a village due to the one-mile-distance limit.

Steve Neissel, one of the petitioners, told the Press-Record that because of the two square mile limitation for new villages that Mitchell proper lies east of the village limits and not included. "If residents of that area want to, they can annex to the village."

He said the proposed areas for the new villages include the following subdivisions: Sunny Dell Acres, Vamee Park, Cedar Park, Thorngate, St. Thomas Road addition, Burton Addition, St. Louis.

"They argued with each other, they attempted to reason, they debated, they were forthright and honest," Neissel said. "I think our children and their companions. However, when all efforts were exhausted, the final decision was reached by a group of men who at the beginning were supposed to be neutral," he said.

### Junior Service Yule Projects

Granite City PRESS-RECORD  
Wed., Nov. 22, 1967 Page 15

A "progressive dinner" was held Saturday night at the Granite City Junior Service club Monday evening at the civil defense building. Mrs. Charlene Pohiman was chairman for the dinner and her committee included Mrs. Francesca Rodden and Mrs. Mary Lou Worthen.

Individual tables were set up and decorated in a Thanksgiving theme, each having a miniature turkey fruit arrangement and green candles as centerpieces.

Members changed tables following each course.

Mrs. Jo Ann Gaumer, president, conducted the business meeting and refreshments were given by Mrs. Faye Krause, Mrs. Audrey Jaro and Mrs. Margaret Hornberger officers.

Mrs. Candy Kawula, charity chairman, reported that many children had been given eye examinations and glasses and that she had visited a retarded girl the club sponsors and presented her with a birthday gift.

Other projects were presented by Mrs. Carol Tritschuk on the recent flea market and Mrs. Wilma Wilson on a rummage sale.

Pians were made for the club to travel to the United Fund, tuberculosis drive and Tree of Lights as part of its Christmas projects. Other Christmas projects will include sale of holiday candies.

The annual Christmas party is to be held at the Lewis and Clark restaurant Dec. 11.

The members will make Christmas stockings for babies born at the hospital during the holidays.

Mrs. Helen Parashgian will head a committee which will sing carols and provide cookies and candy for residents of the American Legion home.

Mrs. Marilyn Bodman and Mrs. Margaret Hornberger.

Christmas baskets for senior citizens will be prepared by Mrs. Bernice Fitzpatrick, Mrs. Mary Schenck, Mrs. Dorothy Moshman, Mrs. Phyllis Stieb and Mrs. Mary Worthen.

A review of the "guest night" at the Edwardsburg Junior Service club, held Nov. 14, was given by Mrs. James and Mrs. Candy Kawula.

The board will meet in the home of Mrs. Gaumer, 2572 Waterman avenue, Dec. 4.

Those present were Miss

ENGAGED: Miss Ann Virginia Wade, whose parents, Mr. and Mrs. William J. Wade of Toledo, Ohio, are announcing their betrothal to Roy Louis Vaughn, son of Mr. and Mrs. William H. Vaughn, 1653 Second street, Madison. Wedding plans are indefinite.

### Vaughn-Wade Engagement

Mr. and Mrs. William J. Wade of Toledo, Ohio, are announcing the engagement of their daughter, Ann Virginia to Roy Louis Vaughn, son of Mr. and Mrs. William H. Vaughn, 1653 Second street, Madison.

The bride-elect, a DeBibbs graduate, recently was graduated from the Northwestern Ohio Practical Nurse Training Center. She is now employed at Toledo Hospital.

Mr. Vaughn was graduated from Madison High school. Presently, he is on duty with the U. S. Navy, serving aboard the USS "Rowan" in the Pacific Theater.

Wedding plans are indefinite at the present time.

### Past Chiefs Hold Luncheon Party

Mrs. John Lehman, 236 Edison avenue, entertained members of the Past Chief's Association of the Pythian Sisters at her home for a luncheon Monday following a luncheon of social activity.

Lunch was served from a table decorated with a large facsimile of a Thanksgiving Day turkey surrounded by miniature turkeys which were presented as favors.

Plans were made to hold the group's annual Christmas party on Dec. 10 at the Grand Cafe, instead of the date previously announced.

Those who excelled at games and received prizes, were Mrs. Fern Egglest, Mrs. Ella McKittrick, Mrs. Marion蒙古, Mrs. Julie Dudley, Mrs. McKittrick also received another award.

Others present included Mrs. Linda Arbaust, Mrs. Christine Barron, Mrs. Nettie Conary, Mrs. Linda Schlingman of Collinsville and a guest, Mrs. Lillian Chepley.

**Vacation Plans**

## Improved Vaccine for Mumps Available Soon

Permanent protection against mumps is just around the corner.

A new live-attenuated mumps vaccine, called the "Jeryl Lynn" vaccine, after its founder, has been found safe and effective in both children and adults and should be available early in 1968.

Until now, mumps vaccines have been made from killed or inactivated mumps virus capable of imparting only temporary protection against the disease.

The new vaccine, however, made up of mumps viruses whose infectious capacity have been biologically "slowed down" only a little so that they are capable of producing a stronger—and longer—immunization.

Advent of this new vaccine is regarded as welcome news, especially to adults.

In children under 10 years of age, the disease is restricted for the most part to painful swelling of salivary glands—called the parotids—plus chills and fever, all of which last from one to three days.

### Serious Effects

In adolescents and adults, however, the disease is far more serious.

Swelling which can result in permanent sterility occurs in 25% of adolescent and adult male patients who contract mumps. In women and teenage girls, a similar result occurs in up to 10% of cases.

Other complications in adults include central nervous system damage and malfunction of the pancreas.

Luckily, discovery of the new mumps vaccine has come in the wake of steadily increasing susceptibility to the disease in adults. Researchers show that in typical suburban popula-

tions, due to improved sanitation and isolation from the mumps virus, as many as 30% of adults never contracted the disease.

Now, through routine inoculation with the new vaccine, mothers and fathers who never had mumps won't have to worry if little Johnny or Mary come down with the disease. They'll be protected—for life.

A  
Time  
To  
Remember  
Who We Are

This is the time of year when Americans traditionally observe a day of thanksgiving for their blessings. It is good that we should do this.

But is it not also fitting that on the day—so reminiscent of our origins—we should be mindful of our heritage and the trust it imposes on us. The price the Pilgrims paid for survival. The bloody feet at Valley Forge. The thunder at the Alamo, Gettysburg, the Argonne, Midway, Bastogne, Pork Chop Hill and now the DMZ.

Yes, let us remember who we are. For a little pride is the wellspring of courage. Let us endure unflinchingly whatever sacrifices we are called upon to make to defend our free institutions from the night of communism, which is bent on undermining our faith in ourselves. Let us rely not only on the gold in our vaults, but the iron in our blood. And let us cling like ivy to the faith of our fathers until, in God's good time, all men are free.

The story of the 1967 flag football season sponsored by the Granite City park district can be told in statistics, and they are impressive—310 players, 20 teams, four divisions, three age groups, four season titleholders and four playoff champions.

But the campaign also provided much fun and entertainment, although no compensation for the participants while avoiding most of the injuries associated with the gridiron sport.

And the experience should prove valuable to many of the boys as they advance to junior high and high school varsity football.

Although not learning to tackle, they have the opportunity to learn a great deal about football strategy and passing and running skills as well as perfecting their offensive and defensive agility and experience.

**Players 8 to 13 Years Old**

The Ron Hall League consisted of four squads of boys aged eight and nine. The Joe Robb League had four teams of 13 years old, attracting six teams.

In between were ten teams of players aged 10 and 11, divided into five teams: Century and Capitol divisions of the Ken Gray League.

All three leagues are named after professional football stars. Although the season itself is at an end, the young gridders are looking forward to Wednesday, Nov. 29, when trophies will be awarded at a park district sports banquet.

**Stars Division Winners**

The Stars captured the Ron Hall League playoff title with a one-point game victory and led the season standings with seven wins and a loss. Burger Queen had a 6-1 record, once, Bowler Trucking had a 3-4-1 slate and the Redskins an 0-6 record.

The Century Division saw Red Barn capture the playoff championship but Bowler Trucking win season honors with a 7-1 record. Red Barn and Young Metal had 5-3 marks, L&W Movers 4-4 and Eagles 3-7.

The division had a slight edge over the Capitol Division in games between teams in the two groups. The Packers took the Capitol Division championship, with the season tally showing Petrilite Produce on top at 7-1, Bert's Chuck Wagon 5-3, Packers 4-4 and Kline's Interiors and Midwest Floor, 1-7 each.

For the older group, renamed from the Seventh Grade League in 1966, the Robb and Cardinal defenses at the end, it was again the Packers taking the playoff title. McDonald's won the season championship on the strength of the Packers and Green-Gold. The Cardinals were 6-3, L&W Movers 4-1, Eagles 3-6 and Spartans 0-9.

With ages replacing school years in determining where to assign players this season, somewhat stronger teams resulted.

## Fund Transfer to Wipe Out Deficit Still Remains a Problem in GC

Still stymied on the council floor is the authorization for a bookkeeping transaction to wipe out an \$83,885 deficit in the city's sewer maintenance fund.

With the appearance at Monday night's council session of Mayor John Huggins, and his remark that the fund transfer would be the only way to straighten out the city's records, it appeared that the standing recommendation from the Finance committee would be approved.

But, an objection was raised by Alderman Bartosik, a member of the Finance committee, who called for deferral of action on a fund transfer resolution. His deferral was supported by Alderman Bartošek.

Troop members also discussed the slumber party they plan for Dec. 1 at Mrs. Eaton's home and their camping trip Dec. 2 and 3.

Bearings crowns being made by the girls at the hospital at Christmas were completed.

Arranging were Ruth Bird, Kay Chaffin, Gertie Cagle, Pauline Clancy, Ermeng, Barbara Graizer, Becky Graham, Kathy Harrington, Joann Head, Donna Kahn, Karen Lee, Debbie McKinley, Donna Sanders and Frances Wetyl. Mrs. Eaton was assisted by Mrs. Pat a Ewing.

The troupe will meet next Monday evening at Webster school with Mrs. Ewing.

Two Traffic Charges

Alfred D. Polach, 1321 Washington avenue, was charged with careless driving and driving without state plates at 21st street and Madison avenue at 5 p.m. Tuesday.

objectors changed their stands on the issue, and an amendment to the \$5000 transfer resolution to increase it to \$90,000 was adopted, but not carried forward. The transfers were set at \$60,000 from sales tax funds and \$30,000 from the working cash fund.

It was the red figure in the sewer maintenance account that put out a large deficit in Monday night's session over the restocking of Huggins' books for the 1967-68 fiscal year. He had submitted a letter to the council asking for renewal of his contract.

In the letter, Huggins said there still was work to be done to install the books in the system, which was changing faster than the lengthy special reports for the mayor's office and still expect this changeover to be made.

Rutledge gave the city officer ample time to get the new ledgers on the machine without interference.

It is still in progress and was due to be completed last month, but as the comptroller, "it is not scheduled until next April." The bookkeeping was wiped out with transfers by adoption of a resolution by the council. He added that the overpayments on the sewer funds occurred because audit for 1966 was a spot check and not a detailed item. It also was brought out that many of the payments on the sewers and the working cash fund were only pencil notes in the back of the books, written seven to 10 full cooperation.

Huggins explained that the transition from the old bookkeeping system to the machine must be done by sections, and that this work must be done by two officials, and that if it continued, he would call for council members to do all the sewer clerical help in the two offices and straighten things out right away.

That ended the debate with the Finance committee to submit a resolution to the council for action of an auditor. Later, Treasurer Rich and Comptroller Stevens left with Huggins for a conference.

Prior to his departure Huggins again advised the council to carry out the fund transfers to remove the deficit from the maintenance of sewer account.

Albanian Non-Skin Chairman of the Ordinance committee then amended the transfer resolution from \$5000 to a special sewer account to \$90,000 to be transferred to the maintenance of sewer account.

The amendment was approved by a vote of 11-to-4. Then the deferral was requested by Moerlein and Bartosik.

It's time the comptroller serve as the comptroller."

In the discussion, Huggins said he didn't think the sewer maintenance fund should be wiped out with transfers by the comptroller. He added that the overpayments on the sewer funds occurred because audit for 1966 was a spot check and not a detailed item. It also was brought out that many of the payments on the sewers and the working cash fund were only pencil notes in the back of the books, written seven to 10 full cooperation.

At this point, Rutledge told council members that the comptroller should be given the time to do the job. "We can't have him doing all the odd jobs just because he is changing faster than the lengthy special reports for the mayor's office and still expect this changeover to be made."

Rutledge gave the city officer ample time to get the new ledgers on the machine without interference.

Two officials, and that if it continued, he would call for council members to do all the sewer clerical help in the two offices and straighten things out right away.

That ended the debate with the Finance committee to submit a resolution to the council for action of an auditor. Later, Treasurer Rich and Comptroller Stevens left with Huggins for a conference.

Prior to his departure Huggins again advised the council to carry out the fund transfers to remove the deficit from the maintenance of sewer account.

Albanian Non-Skin Chairman of the Ordinance committee then amended the transfer resolution from \$5000 to a special sewer account to \$90,000 to be transferred to the maintenance of sewer account.

The amendment was approved by a vote of 11-to-4. Then the deferral was requested by Moerlein and Bartosik.

## Protestant Welfare Agency Handles 45 October Cases

The Protestant Welfare Association handled 45 cases in which it distributed relief to persons in need during October, according to a report presented in the association's regular meeting at the Emmanuel Baptist Church last night. The 45 cases processed involved 154 persons, it was reported.

Roy M. Lynn, president at the recent conference on legal aid, and the work of the church's Community Service Agency, and that since Huggins was in the audience, he should be present.

Rutledge stressed that the committee had never questioned Huggins' ability and integrity, but that the bookkeeping staff had never been carried out as planned.

Huggins stated he was not satisfied with the reports being prepared for the council, and he pointed out that he has been dealing with the Frank Supervisor of the Auditor and the late John Doohan as comptroller, and now there are two new officials.

Rutledge responded to a question from Alderman Robertson, the auditor said he was not getting full cooperation from the officials; and in reply to a question by Rutledge, he explained the sets of books at present—one by the treasurer and one by the comptroller, who is maintaining the old hand-written system of the former comptroller and the transition is being made to the machine.

He noted that the transition was taken care of by the auditor, but that only last spring City Treasurer E. R. Rich advised the council he had received a legal opinion that no checks could be written on accounts with deficits, and the auditor should not be held responsible.

The Finance committee headed by Alderman Rutledge began the task of trying to get the deficit wiped out through transfers from the sales tax and working cash funds for sewer maintenance.

He was asked if the transition was to have been a resolution submitted for adoption to transfer \$5000 from sales tax to a special sewer fund in order to pay current bills for sewer maintenance.

Expect Speaker Smith  
To Back Chicago Man

Announcement by Illinois  
Senate Speaker Ralph T. Smith,  
Alton Republican and former  
resident of Granite City, that he  
will not be a Republican can-  
didate for governor in next  
year's election apparently has  
dropped the way for Richard B.  
Ogilvie, president of the Cook  
County Board of Commissioners,  
as the GOP choice for the  
governorship.

Smith said that he has no in-  
tention of being a candidate and  
will back the candidate "I  
feel is best qualified to carry  
the Republican state ticket to  
victory" in the next elec-  
tion. Political sources  
say that Smith will back Ogi-  
vie.

Ogilvie said he has no in-  
tention of running in the Dec. 6. He said  
Republican leaders throughout  
the state have urged him to run  
and that he has received some  
petitions from party groups en-  
couraging him to seek the nomi-  
nation.

Two Trees Run Over  
Marin Bodman, 2812 Yale  
drive, reported at 8:30 a.m.  
Tuesday that two trees in her  
front yard were run over by an  
unknown auto the day before.

T. C. Stack Jr., 22,  
Killed in Auto Crash

Thomas Carl Stack jr., 22, of  
Edwardsville, a native of Gran-  
ite City, was killed in a one-  
car accident at 2 a.m. Tuesday  
at the intersection of Wanda  
road and Route 143 near Poag.

A passenger, Jerry Lee Craft,  
23, of Glen Crossing, was in-  
jured. He was unable to tell au-  
thorities how the accident oc-  
curred. He was taken to Wood  
River Township Hospital with  
face cuts.

Services for Stack, a resi-  
dent of Edwardsville for 19  
years and a member of the  
St. Boniface Catholic Church, will  
be held at 1 p.m. Friday at St. Boni-  
face Catholic Church, Edwardsville,  
with burial in the church  
cemetery. Services include his  
parents, Mr. and Mrs. Thomas  
Stack, Edwardsville; and three  
sisters, Mrs. Theodore  
(Norma) Trebing and Miss  
Mary Ann Stack, Edwardsville,  
and Mrs. W. E. (Ethel) Riggs,  
Brookville, Calif.

Seaman Seaman Ralph T. Smith, Alton Republican and former resident of Granite City, that he will not be a Republican candidate for governor in next year's election apparently has dropped the way for Richard B. Ogilvie, president of the Cook County Board of Commissioners, as the GOP choice for the gubernatorial election.

Smith said that he has no intention of being a candidate and will back the candidate "I feel is best qualified to carry the Republican state ticket to victory" in the next election. Political sources say that Smith will back Ogilvie.

Ogilvie said he has no intention of running in the Dec. 6. He said Republican leaders throughout the state have urged him to run and that he has received some petitions from party groups encouraging him to seek the nomination.

## 50th Anniversary of Local Red Cross Unit

The Tri-City chapter of the American Red Cross is currently observing its fiftieth anniversary and also has singled out certain members of the 1932 reorganization for special recognition.

The 1932 directors, Henry D. Karandjeff, a d Charles F. Reimers, also were honored by the chapter in 1948 for their long service to the Red Cross.

Research by the chapter indicates that its initial certificate of incorporation dated Nov. 17, 1917, was signed by Mrs. Morgan Lehmann, 220 P street (now Delmar avenue), as chapter chairman.

Ferdinand A. Garsche, mayor of Madison from 1905 to 1937, was the original vice-chairman of the chapter.

Dr. John E. Lee, mayor of Venice and father of the present mayor, also named Dr. John Lee, was the first Red Cross treasurer. And the chapter's secretary was Miss Love Erwin of Granite City.

### Original Charter Group

Petitions for authority to form a chapter, dated July 14, 1917, showed that Dr. Lee, Lee, as chairman and Clara E. Kallmeyer as secretary of the group organizing the Red Cross here.

Alding them were Alvin Morehead, assistant cashier of the First National Bank; Henry Hahn, former Granite City chief of police; John Masernag, president of the Commercial club; Mr. Farber, a lawyer; corporation commissioners Mrs. Mame Eisenmeyer; Mrs. Augusta Hoevel; G. E. Whitten, realtor and insurance agent; William Champion, postmaster; A. N. Kamm, a clerk of the city of Granite City; and C. A. Uzzell, druggist.

The initial drive for members was aided by the appearance here of Ruth Yates, former governor of Illinois.

Yule Aid to Servicemen An office was established at 1924 E street (now Edison avenue), and activities began in earnest in November 1917 with coordinated efforts to aid Amer-

November 1933. C. F. Reimers was elected secretary in 1933 and served actively until 1948.

Mrs. Jeanne Riesenny became chairman of the Red Cross chapter in December 1933 and remained active through 1948.

The name of Harry R. Johnson, retired Madison postmaster, is found in minutes of the chapter as early as 1934. He later was active in the Madison branch for many years.

Mitchell became a part of the area served by the Tri-City chapter in 1948 when Walter Coombs was chairman.

### Staff Member Employed

Dale Mullen was named executive secretary of the chapter in 1944, and all services of the Red Cross were placed in full operation. Service cases still chairman, Mayor Garsche vice-chairman, Dr. Lee treasurer and Miss Cecil Towne, secretary.

### Complaints Leaders

Complaints chairman we're Harry Faulkner, membership; Dr. Lee, finances; Louis Lind, publicity; Professor W. F. Coolidge, schools; Charles Williams, civilian relief; Mrs. A. L. Williams, public welfare; Mrs. M. L. McMaster, secretar-

y of the chapter; and Mrs. W. O. Hoovel, first-aid.

The depression that began in 1929 had a major impact on the chapter, which found it difficult to raise necessary operating funds.

### Worldwide Link

There are Red Cross youth clubs at Granite City, Madison and Venice high schools. And the chapter maintains a radio communications, counseling, assistance program aiding Army Depot and other services in this region and linking Quad-City families with those in the armed forces throughout the world.

The local chapter is associated with more than 2300 Red Cross workers serving America's troops in military installations and hospitals around the globe.

Outside the U. S. are nearly 900 staff members in Alaska, Hawaii, Azores, Beaufort Canal Zone, Brazil, Chile, Ethiopia, France, Germany, Greece, Greenland, Guam, Hawaii, Holland, Iceland, Iran, Italy, Japan, Korea, Lebanon, Libya, Morocco, Newfoundland, Okinawa, Pakistan, Philippines, Puerto Rico, Scotland, Spain, Taiwan, Thailand, Turkey, Vietnam and Midway Islands.

The chapter's international disaster program, and overseas relief work includes disasters

RED CROSS ANNIVERSARY is shown being noted at the Tri-City chapter office by Charles F. Reimers (left) and Henry D. Karandjeff, both active in its reorganization in 1932. In the center is Mrs. Ruby Overbeck, executive secretary. The chapter is completing its 50th year.

### FUNERAL OF BROTHER

Mr. and Mrs. William Heath, 2428 Adams street, returned home Monday afternoon from Lewisburg, Ky., where they had gone to attend the funeral of Mr. Heath's brother, Orvis Cabbell, in Gibson City, Ill. He was killed in an automobile accident at Henderson, Ky., last Thursday.

He is survived by his wife, son, Willard, and John Mitton; two daughters, Mrs. Elsie Whitfield and Mrs. Jean Smock, formerly of this area; and a nephew, Elvin Gibbs, and two nieces, Mrs. Vee Trawick and Mrs. Dorothy Antonopoulos, all of Granite City.

### AUXILIARY ELECTS

MRS. BROWNING  
The Ladies Auxiliary of the Old Camp Meeting Tabernacle met Tuesday at the church, in election of officers. Mrs. Mildred Browning was elected president, Mrs. Lillie Anderson

vice-president and Mrs. Mary Dreamer treasurer. Plans were made for a rummage sale Nov. 30 and Dec. 1 at 2203 Bryan avenue.

The next meeting will be Dec. 12 and is to be a Christmas party, with an exchange of gifts.

### VICAR OF BROTH

The fellow who lets his mind wander a bit will probably never travel very far.

People who live within their income today find it a very effective way to reduce.

Among the principal changes in the law are the following:

All drivers must be re-examined at least once every nine years, effective Jan. 1, 1968.

The minimum age required for a driver's license is raised to 18 years, except for those applicants 16 and 17 years old who have passed an approved driver education course, effective Jan. 1, 1969.

Driver licenses will be classified as follows:

## Booklet Outlines Changes in State Driving Laws

Secretary of State Paul Powell this week announced the publication of a booklet detailing changes in the law enacted by the General Assembly affecting motor vehicles.

The 42-page booklet is called "1967 Changes in Statutes Relating to the Ownership, Operation and Sale of Motor Vehicles."

The booklet has been distributed to the State Police, who are using it in their training academy, courts, state attorneys, local police departments, safety organizations, high schools, public libraries and General Assembly members throughout the state and is available to the public at \$3 cost as long as the supply lasts.

### Principal Changes

Effective now, a driver may not cross the no-passing stripe on the highway to complete a passing maneuver which was started prior to the beginning of a no-passing zone.

Flashing rotating or oscillating lights on the top of a police vehicle must be lighted whenever a police officer is in pursuit of a suspect or criminal.

Studded tires may be used between October 1 and May 1 of the following year.

The driver's license fee, now \$5, will remain at \$8, effective Jan. 1, 1968.

Model Building Contest Open to Area Students

Sophomore, junior and senior high school students from a 16-county area in southern Illinois are invited to enter the annual model building competition sponsored by the Industry Ad-

visement Foundation, administered by the Southern Illinois Builders Association, seeks to inform and give special education and training both to those already engaged in the various skills of the nation's largest industry as well as to those preparing for a career in the building profession.

One of the foundation's annual projects is the model building competition which is open to all sophomore, junior and senior high school students. Each year 100 participants compete on the same project.

This year's assignment is to design and construct a finished scale model shopping mall to meet the needs of today's con-

This year's project is limited only by the student imagination and skill and he or she should add consumer imagination and skill to the project. The foundation is offering \$1,700 with first prize, the Gold Medal award, being a \$300 scholarship to the college, university or vocational school of his or her choice.

Registration will open Dec. 11 and will close on Jan. 19. All models will be on display at the Builders Building, 1022 West Main Street, Belleville, beginning April 23rd. Awards will be presented on May 4 at an awards luncheon to be held in the 19th Light Infantry Brigade.

They was one of about 3000 individuals who came ashore at Chu Lai, completing an 11,000 mile trip which began at Ft. Hood, Tex., in early October. Pvt. Trobaugh is a grenadier in Company C, 1st Battalion of the brigade's 48th Infantry.

**2 Hospitalized Marines Listed in Today's 'Yule Mail Call'**

Two local Marines who are confined in U.S. military hospitals overseas recuperating from wounds received in action several weeks ago, are among the Quad-City servicemen whose names and addresses appear in today's "Yule Mail Call" list.

Press-Record readers are invited to clip-out and save the "Yule Mail Call" segments showing the addresses of military personnel to their own Christmas mailing lists. It is hoped the pre-Yuletide service will help to cheer servicemen who are away from their homes and families during the coming holiday season.

Marine Pfc Terry M. Cooper, 19, son of Mr. and Mrs. Wayne C. Cooper of 72 Venice Homes,

remains a patient at the U.S. Naval Hospital at Yokosuka, Japan.

The serviceman sustained wounds to the abdomen by shrapnel on Oct. 14 while under hostile artillery fire in the vicinity of Quang Tri Republic of Vietnam. Immediately following the incident, he underwent surgery at the Third Medical Battalion Hospital at Phu Bai before being transferred to the Republic of Vietnam.

Pfc Cooper enlisted in the Marine Corps in April and completed his basic and advance

training at San Diego Marine Corps Base and Camp Pendleton, Calif. He arrived in Yokosuka in the latter part of September.

Another 19-year-old Marine, Lance Corporal Leonard Adair, son of Mr. and Mrs. Leon and Adair Homes, Apt. 43, Garfield Homes, Madison, was hospitalized aboard the U.S. Navy Hospital Ship "Repose," located near Haiphong, Vietnam.

Adair, 19, a native of Delmar, Md., was severely wounded in the abdomen Aug. 28 when the armored vehicle in which he was riding in convoy exploded after

striking a Viet Cong mine. L/Cpl. Adair, 19, was in the lead tank of a convoy of vehicles which was traveling on Liberty Road in Vietnam. Among several superficial wounds, the local Marine suffered a fractured left forearm. His companions in the vehicle were severely wounded or killed in the incident.

The youthful serviceman enlisted in the Marine Corps in April and completed his basic training at Delmar, Md.

According to Mrs. Adams, her son's condition appears to be improving and he hopes to be home shortly after the New Year.

Those submitting the service-men's names, ranks, serial numbers and correct address to "Yule Mail Call" are asked to identify themselves on the post card, letter or slip of paper in event verification of unit abbreviations is required.

Postage and address should be brought or mailed to the Press-Record office, 1815 Delmar avenue.

**Yule Mail Call  
(Clip and Save)**

Quad-City servicemen and women stationed around the world, whose names and addresses are being published in each issue of the Press-Record as a special pre-Christmas service, are asked to submit their lists to the Press-Record office, 1815 Delmar avenue.

Local residents are invited to include the servicemen on their Christmas mailing list and send greeting cards, letters and packages, thereby helping to brighten the coming holiday season for military personnel who are away from their homes and families.

Early mailing is recommended.

Marine L/Cpl. Leonard Adams, 19, son of Mr. and Mrs. Leonard and Adair Homes, Apt. 43, Garfield Homes, Madison, was hospitalized aboard the U.S. Navy Hospital Ship "Repose," located near Haiphong, Vietnam.

Adair, 19, a native of Delmar, Md., was severely wounded in the abdomen Aug. 28 when the armored vehicle in which he was riding in convoy exploded after

striking a Viet Cong mine. L/Cpl. Adair, 19, was in the lead tank of a convoy of vehicles which was traveling on Liberty Road in Vietnam.

Among several superficial wounds, the local Marine suffered a fractured left forearm. His companions in the vehicle were severely wounded or killed in the incident.

The youthful serviceman enlisted in the Marine Corps in April and completed his basic training at Delmar, Md.

"Carnival," called "America's Magical Musical," is in the able hands of Collingsville's The Masquers Inc. "Carnival" is based on a movie called "Lili" adapted by Helen Deutsch from a story by Paul Gallico. Music and lyrics were written by Bob Merrill. Mildred Hoelscher directed and choreographed the production.

A bare stage with a carnival backdrop immediately comes to life with much color and movement and is flooded with the sounds of old fashioned tent show, harem dances, clowns, a dog trainer, bluebell girls, a fire eater, a cyclist, a ringmaster, a roustabout, singing clowns, and many more surprises.

The production will be a male vocal trio made up of Paul Guiney of LaFayette, Ind., Steve Earle of Newark, N. J., and Warren Combs, Memphis, Tenn.

Also accompanying the band on tour will be Neil Eskelin, an instructor in speech at Evangel. He is accompanying the tour as manager.

Features on the program will be a male vocal trio made up of Paul Guiney of LaFayette, Ind., Steve Earle of Newark, N. J., and Warren Combs, Memphis, Tenn.

Evangel College is a college of arts and sciences accredited by the North Central Association. A church-related college, Evangel's parent denomination is the Assemblies of God.

ing, Frank Joachimsthaler, a strong character actor with a slight comic touch, and with a foot, the opposite, play Paul. Bill Hoelscher, Marco the Magnificent; Jim Swank, the incomparable Rosalie; and Dave Berr, B. F. Schlegel; also create believable and memorable characters and deserve a position of prominence.

Diana Nocheff, Princess Olga, rightly heads the dancing group, and Beverly Loper deserves her role as a girl friend to himself and rising to his full potential. Instantaneously Paul loves Lili; Marco wants to use her; thus, the conflict begins, and in the end true "Love Makes the World Go Round."

In the script, lyrics seem to overshadow music, and in the production, acting has a slight edge on singing. Beverly Scroggins, Lili, is delightfully pure of vitality and extremely convincing.

Bill Hoelscher, Marco the Magnificent; Jim Swank, the incomparable Rosalie; and Dave Berr, B. F. Schlegel; also create believable and memorable characters and deserve a position of prominence.

Candy and balloons go into the audience and so do the characters. Magic, dance, color, excitement, along with all the other characteristics, are used to describe The Masquers' production of "Carnival," which, viewed from any angle, is a wonderful evening of entertainment.

## Bridge Building at Credibility Gap

(U.S. Department of State)  
In the United States there seems to be widespread feeling that Americans are not "getting the truth" about the war in Vietnam.

Furthermore, the war supposedly enjoys no support from students and intellectuals—an untrue misrepresentation resulting from many campus demonstrations.

Finally, the average American seems to know little of developments in Southeast Asia.

I believe a partial solution to these three unfortunate situations would be to allow reporters to explain to the people.

I envision a group of hand-chosen college students, perhaps two per state, speaking daily during the summer to small gatherings throughout the country.

They will naturally explain the Administration's actions, but should be prepared to listen to citizens and discuss the situation frankly and informally.

C. L.

**Dear Mr. L:**  
I can well understand your concern over the unusual correspondence from your Polish acquaintance.

Your letters to him have been answered by the editor from abroad is regularly opened by the authorities.

They may have been intrigued by your encouragement of your young friend that "Communism is on the way out."

However, much as we may sympathize with the Polish people, I do not think it would be all helpful for your young friend to have the American Embassy inquire into his welfare.

Such an inquiry might indeed direct unfavorable attention to him, and he would be rather than being of any help.

Although it would be wrong to give you any categorical assurance of his safety, I do not think you should worry about his being in any physical danger.

Police terror as an instrument of administration in Poland was abandoned ten years ago and has not been resumed.

## French Avoid Science 'Brain Drain'

American Institute of Physics

The important contributions of German physicists in American universities have long been recognized. Numerous British physicists have been entering American industry. In fact, Britain is worried about her "brain drain."

Where are the French physicists? They are still in France. Physicist Jean Combrisson reports that by making sweeping changes in government and industrial training programs, the French have been able to train good physicists and offer them attractive positions with in France.

Between the first and second world wars, French physicist drafted into limbo. After 1945, the French began a bootstrap effort to regain some of their former eminence in physics.

**Advanced Study Offered**  
Now it is possible for secondary school students to undertake advanced programs that are essentially free of cost. In the French university system, candidates receive the equivalent of our bachelor's degree after five years.

A student may choose to study at one of the technical institutes. Unlike the United States, there is considerable prestige associated with such schools. They attract some of the top secondary school students, and much pride is generated by the feeling that they provide an education that is at least as rigorous as the universities.

After completing his education, the physician may enter a career in teaching, research or industry.

Many of these careers are similar to jobs in the United States, but there is more emphasis on government-supported research.

Physicists in France are among the highest paid in the world; they have good job security and they are proud to be Frenchmen. It looks as if most of them are going to stay home.

**Why Deep Blue Sea Is Blue**  
Few people have written as lucidly as Dr. John Tyler about the ocean's color as physicist John Tyler. He has spent more than a decade studying color at Scripps Institution of Oceanography.

Tyler explains that the variety in ocean color is produced by three separate factors. Water absorbs most of the light from the sun and reflects back to us that we see. This blue color is always the same.

Part of what we call ocean color is the reflected color of the sky. When the sky is gray, the ocean looks blue. When the sky was red, the ocean would look blue-red, or purple.

We also see colors of impurities in the water. Usually these are fine particles, plankton, so the water looks green.

Together, these factors produce the endless variety of ocean colors that have fascinated men for centuries.

## Federal Spending Cut Top Issue

The desire for a cut in government spending has replaced the war in Vietnam as the issue drawing the most mail to the office of U. S. Senator Charles H. Percy.

The top 10 issues, along with their place a week ago:

1. Cut in government spending (10).
2. Proposed income tax surcharge (3).
3. Social Security legislation (2).

## Philosophy--Let Your Tears Be Real

(Lapeer, Mich., County Press)

William James, the American philosopher, used to become properly dispirited when the people who exercise their emotions at the theatre, in books, at concerts or at prize fights, but are as cold as ice in the audience.

He told the story of a Russian lady who went at the tragic fate of the hero in an opera while her coachman was freez-

ing outside.

He scolded her and her kind, and as a cure suggested this rule:

When, through art or music or poetry or drama, you are aroused in your feelings, do not let them go.

Say a decent word to your mother-in-law, give an extra quarter to the water; buy your wife that long-needed bonnet.

## Great River Road Site Ideal For State Office Building

With so much state and federal aid going to East St. Louis, it may be named as one of the nation's first "model cities" for purposes of additional financial assistance. It would be refreshing if a differing location was chosen for the state office building to be constructed in this region.

Although having the largest population of any town in Madison and St. Clair counties, it is not actually the central city for this area by most ways of judging it, nor is it really representative of its region.

Madison county in countless aspects has achieved and maintained citizenship and living standards set by its neighbors. Not only is Granite City an ideal site for the 36,000-square-foot office structure; Collinsville and Wood River of this county also have submitted applications.

Other cities under consideration besides East St. Louis are Alton, Centralia and Mount Vernon, but these three could hardly be regarded as alternatives to Illinois' second largest concentration of population.

State agencies scheduled to occupy the proposed facility are the Department of Mental Health, Illinois Youth Commission, Department of Child and Family Services, Crippled Children Services, Department of Vocational Rehabilitation, Department of Public Aid and Department of Public Health.

The crime level in East St. Louis has been cited as a partial factor in the delay or cancellation of plans to move the Museum of Rail Transport to that city. Prospects for safe access to the state office building undoubtedly would look better if the museum were moved to Illinois residents make direct use of its services.

No community can offer perfection, but the local site provides all the desired factors and should receive serious consideration. Its proximity to the right-of-way of Federal Aid Route 151 (the Great River Road) adds significantly to its attractiveness and feasibility.

## 'Talk' to Servicemen This Christmas

The Red Cross "talking letter" project is especially meaningful this year because the number of Quad-City servicemen stationed in Southeast Asia has risen to several hundred.

Christmas messages recorded free of charge at the service center during the next month can be sent to members of the armed forces overseas or in U. S. hospitals in time for the holidays. If many local families participate, the Yule season will be brighter for those shouldering the duty to perform perilous tasks far from home.

Name and address must accompany each letter but will not be revealed ifonymously. Letters will be given preference. All letters submitted to columnists and grammatical errors will be rejected or edited.

### SCHOOL BOARD ACTION

#### MARSHALLS POINTLESS

To the Editor:

This letter is concerned with the situation occurring at Madison senior high school.

Soon after the beginning of third-hour class on Friday, Nov. 17, the student body along with the teachers was instructed to go to the auditorium.

Gitchoff also said that legal action would be taken against those who participated in the riot, but that they will also squirm out of it.

What sense is there in having laws, rules and codes if they are not going to be enforced?

A democracy is run by law made by the people, for the people to obey, and for these same people to enforce. But it seems hardly the situation in this case.

My question is, why did the members reverse their decision? Is it fair to tell people one thing and then suddenly turn around and do the opposite?

More than likely they were scared. But it is a pretty pitiful situation when grown men act like a child at the altar of democracy.

What has this country come to when a man will not stand up for the principles in which he believes?

I am sure that some of the board members are businessmen and that there was a threat to "burn Madison to the ground." But there would have

been many people who would have attempted to prevent destruction.

The people of Madison backed the school board all the way and now the board has crossed them up. I'm quite sure the board members will be replaced come the next election.

Gitchoff also said that legal action would be taken against those who participated in the riot, but that they will also squirm out of it.

What sense is there in having laws, rules and codes if they are not going to be enforced?

A democracy is run by law made by the people, for the people to obey, and for these same people to enforce. But it seems hardly the situation in this case.

My question is, why did the members reverse their decision? Is it fair to tell people one thing and then suddenly turn around and do the opposite?

What has caused the terrible situation? Can we blame the school board? Can we accuse the faculty, cooks or janitors? I say "No."

I accuse Communists, defilers of our public schools, communists, other dissenters. Isn't it curious how racial trouble has followed H. Rap Brown and Stokeley Carmichael like the wake of a drowning swimmer?

Have not these men stirred up more racial animosity in recent months than any of us thought

## Development of Third Quad-City Industrial Park Now in Progress

Industrial development progress in the Quad-Cities continues with the decision of the Metal Goods Corp. to establish a steel processing center in a reconstructed 67,000-square-foot plant building at the Fox Brothers Industrial Park west of Madison.

The modification of steel products will fit in well with present manufacturing activity here and could lead to still more industrial diversification for the Quad-Cities.

While the staff of 40 is less than 1% of the employment at the largest local firm, it is the accumulation of numerous such operations that broadens an area's tax base and enables the job market to be more diversified.

With two industrial parks currently being developed in Madison to go with the 9,000 acres of plant sites available along the Chain of Rocks Canal, this community is in an excellent position to meet the needs of Metal Goods Corp. and many other companies. The welcome mats is always out.

Special thanks are due Fox Industries for their insight in rehabilitating available structures on the former American Car and Foundry Co. grounds.

## Hardships But Many Blessings On Thanksgiving Day 1967 As in 1621

Thanksgiving in the Quad-Cities this year presents a temptation to discard traditional thoughts and dwell instead on topics for which there is little giving of thanks—war devastation and civil unrest. On the surface, it might appear that the pilgrims in 1621, with a new country of vast potential to develop, had more to be thankful for than we do today.

But the passing centuries make it easy to forget the hardships and uncertainties faced by our ancestors. And even in such matters as those confronting us today, this is a valid basis for "counting our blessings."

Americans live in a land of freedom while simultaneously fighting for a war in a Far East land and air war whose end is not yet in sight. And Quad-Citians who long for greater student harmony are fortunate that our governmental system permits honest differences of opinion and also mechanisms for achieving agreement.

The road ahead is difficult and rocky when viewed from the present, but this has always been the case. As always, there is also much to be joyful about, and local families will be deeply and appropriately thankful tomorrow and throughout the year.

## Musical to be Performed Here Saturday

Broadway will come to the Quad-Cities at 8 p.m. Saturday with the musical production "Carnival," to be staged in the Granite City high school auditorium by the Masqueus theatrical group, including a number of local residents. The well loved story, originally known as "Lili," had an ad orchestral and vocal music score added.

The musical will be obtained through the Chamber of Commerce, Press-Record office, or members of the St. Elizabeth Hospital Auxiliary, with proceeds going to the hospital modernization fund.

It seems sure to be a highly enjoyable way to aid a worthwhile cause, and a large turnout would go a long way toward assuring a continuation of such entertainment attractions within this community.

\* \* \*

It is said that even people who travel in the best cities occasionally find it hard to make both ends meet.

possible? Have they not mocked justice under the garb of civil rights and upgrading the Negro?

They have done more to hurt the Negro cause than anyone can estimate. Men like us, black, white, and brown, do not love. They associate, co-exist, and harmonize but violence and destruction. They are putting the America to the test.

I ask everyone who reads this to fight the enemies of democracy by setting aside trouble peacefully, but those who will not do this will be squirming out of it.

Both sides must be willing to meet and discuss points in an atmosphere of hope and cooperation. Let us compromise in our demands and respect the views of others.

For the safety and education of our children, we must work together. I implore parents of both sides to moderate their views and resolve this situation before we become another Detroit.

## CONCERNED OVER TRENDS IN AUTOMOTIVE, VIETNAM

To the Editor:

Over a century ago Lincoln freed the slaves. In 1967, many of their descendants are living on taxpayers' dole.

In 1920 Henry Ford freed the mules. Now they are almost extinct.

In 1950 John L. Lewis freed the coal miners; most of them are now on pensions and Social Security.

Now we are to be freed from the increasing price of gasoline.

What will we do to absorb the increased price of gasoline? Use it in undeclared wars?

At the rate we are going in Vietnam, there will be so many American casualties that the only ones left will be those who don't believe in the defense of our nation.

Where are Cassius Clay, Stokely Carmichael, Martin Luther King and the present's other law Patrick Nugent? Two of my sons are in the reserves, a grandson and two nephews are in uniform and another grandchild is a 21-year-old college student.

Often I have heard the remark, "We never had it better before."

Have not these men entered the service?

Does anyone think this makes my wife and I happy?

## Medical Lore of Early Settlers

### Today's Health Guide

American medical tradition stems from an age very different from the one in which we now live.

The early settlers, living remote from civilization, had to depend on the remedies of their ancestral homelands and to the methods of the Indians, and came up with a medical lore all their own.

Their ideas of prevention and treatment were not all wrong, but often they did more harm than good.

Some of the common misconceptions of the frontier era have carried over into modern times.

Here are the facts about some of these misconceptions—

Blood pressure of 100 plus the individual's age is not the normal value.

Red meats and alcohol are not necessarily harmful to health.

Fish is not a brain food; it is simply a good food for all parts of the body.

Sugar is possibly detrimental to the teeth, are not the sole cause of tooth decay.

There is no reason of health why one should not eat shellfish and ice cream at the same meal, provided neither of them is spoiled.

Lemons, oranges, tomatoes and grapefruit do not cause

"acidity" of the body.

Fat people are not necessarily carefree and jolly.

Eating fat and fat-free foods well may not constitute a good reason for declining to lose weight.

It is not necessarily unwise to drink water during your meals, if you don't get full quickly.

Gargles and mouthwashes do not kill the germs in the mouth or throat.

Balls are not due to impure

Punctures from rusty nails are no more dangerous than punctures from shiny nails; the danger lies in the germs that may be present in the nail.

Swallowing a tooth is not necessarily the sole cause of tooth decay.

Night air is not unhealthy. However, it is not necessary to open the windows of your bedroom wide at night, especially when it is cold.

Whiskey, with aspirin, is not a good remedy for a cold. The cold might improve in spite of it.

## Those Who Move May Lose Vote In 1968 Presidential Election

Tri-City and Illinois Bar Associations

### How to Apply

Those who wish to vote under the 60-day voter registration law must apply personally at the office of the county board of election commissioners or county clerk's office.

Five million to eight million persons who change addresses within a year will be unable to vote for president and vice-president because of state, county and precinct residence requirements.

The last 12 disenfranchised group will consist of those who make interstate moves.

**Requirement Set By State**  
In most states, a person isn't qualified to vote unless he has resided in the state for at least six months, and many states require one year's residence.

Another large group of voters will be eliminated because they must move to meet county or precinct residence requirements in their new location.

**Illinois Is An Exception.** In the 30 states of the Union which reduce residence requirements for voting in presidential elections, the residence requirement is two years in one state (Tennessee), one year in 25 states and six months in nine states.

The residence requirements originally were instituted as part of a nationwide reform to prevent election abuses.

Qualified voters who move to Illinois may vote for president and vice-president if they reside permanently in a voting precinct for 60 days next preceding the election day.

The same rule applies to persons who were qualified to vote in one Illinois county but who move to another county within the state.

**Two Years to Six Months**

In the 30 states which make no specific provision for voting in a presidential election, the residence requirement is two years in one state (Tennessee), one year in 25 states and six months in nine states.

The residence requirements originally were instituted as part of a nationwide reform to prevent election abuses.
